

# ScavOlympics

(performed on Mother's Day 2002 in Ida Noyes Hall and her environs, unless indicated otherwise)

1. \_\_\_\_\_ Feed me, Seymour! At the Captains' Summit, be prepared to receive a plant, a plant which will have been measured. The team with tallest plant by Judgment Day wins...points, that is. [81 points for first place, 59 for second, 45 for third]
2. \_\_\_\_\_ It's Time to Party. Present a contestant with a strung and tuned six-string electric guitar. The contestant rocks so hard that all six strings break, and then races to restring and retune. [50 points for first retuned, 40 for second, 30 for third. 15 bonus points if the cops show up and ask you to "turn it down"]
3. \_\_\_\_\_ Pick a winner! Show us your nostrils. [30 points for largest, 20 for second-largest, 10 for third-largest]
4. \_\_\_\_\_ Let's have a bonspiel! Come curl with us, but don't bring your irons—just your stones (junior stones are ok, as is the Flute and the Goose—just be sure to bring enough for five ends). (This is an EPYX Winter Sports item.) [85 points for first place, 70 for second, 50 for third]
5. \_\_\_\_\_ A remote-controlled stuffed-animal bullfight replete with banderilleros, picadores, and of course, the matador. Have your team cheer you on with those little drums from *Karate Kid Part II*. [90 points for first place, 70 for second, 50 for third. Points to be awarded based on realism and excitement. 9 bonus points for appropriate theme music (for example, Pizzicato Five's American releases, if you catch our drift)]
6. \_\_\_\_\_ Get out your Gheri curls and toss off that left-hand glove into the fireplace 'cause it's the Moonwalkin' Mile Race. Or, well, Block Race. So toss Macaulay Culkin and Bubbles aside, and find your best tosser Jacko. [40 points for first place based on form and placement, 30 for second, 20 for third. Proper form to be given by the Head Judge]
7. \_\_\_\_\_ Never challenge a guy who says "suh." Have ready at noon on Sunday your teams dueling accoutrements, complete with swankily velvet-lined cases emblazoned with your team coat of arms. We want to see pistols, sabres and, of course, at least one banjo. At a distance of ten paces, turn and fire. Let's see shirts stained from the direct hits. [65 points for first place, 55 for second, 46 for third]
8. \_\_\_\_\_ A simple race from end to end of one Midway rectangle involving no less than seven team members per team. The catch is that each member must have at least one body piercing in order that they might be eligible for the coup de grâce: a single strand of dental floss must run through all piercings, tied at the ends, and remain unbroken until the team crosses the finish line. [80 points for first place, 70 for second, 65 for third. 10 bonus points for a prince albert or princess albertina. 0 bonus points for concertina wire instead of floss]
9. \_\_\_\_\_ The Salivathlon, or the Spittlympics:
  - (a) Number of saliva bubbles in a minute, blown off the tongue. [20 points for first place, 15 for second, 10 for third]
  - (b) Lowest hanging dribble drop/phlegm fall/loogie length. Length must be held for measurement and immediately slurped back into mouth. [20 points for first place, 15 for second, 10 for third]
  - (c) The gleek long shot. Spit to be colored with food coloring and gleeked over distance marker. [20 points for first place, 15 for second, 10 for third]
10. \_\_\_\_\_ Pancakes à la Uncle Buck. [65 points for first place, 55 for second, 48 for third. Points to be awarded based on number of pancakes cooked and consumed over a 20-minute timespan. Three participants per team. All pancakes must be consumed within the 20-minute window. Hey, Tammy, do you like blueberry pancakes or strawberry pancakes?]
11. \_\_\_\_\_ Graduation is a time for lachrymose reactions. By eating a raw onion of at least one pound, prove that you are the most lachrymose of the lachrymose. [40 points for first place, 30 for second, 28 for third]
12. \_\_\_\_\_ Caulk it up to campus activism. Show your support of the exploited tomato pickers in Imokalee by staging a sour cream gun duel between a college-student trouble maker and a Taco Bell suit. Finish him with the powerful Fire Sauce Breath. [75 points for first place, 67 for second, 59 for third. 15 bonus points for tortilla protective gear which is only protective at first]
13. \_\_\_\_\_ Reënact the pee-pee drinking scene from *Waterworld* as faithfully as possible (Note: do not exceed the budget of the original production). This is a race. [80 points for first place, 78 for second, 62 for third]

14. \_\_\_\_\_ Bean Bags and Battering Rams. Construct weapons that project bean bag chairs that can demolish the other teams' forts. The forts can only be constructed out of mannequins and mattresses. *Only*. The last bit of mannequin/mattress architecture standing represents sweet, sweet victory. All fort items have to be arranged in non-standard positions. [92 points for first place, 82 for second, 60 for third]
15. \_\_\_\_\_ A funny thing happened on the way to the infirmary. Today, we'll have a wheel chair(iot) race around the Midway. Wheel chair(iots), the anthropologists tell us, were not propelled by horses (which had not been domesticated yet), but, rather, by a team of six humans, who may have been brutally whipped slaves. There are two schools of thought on these possible slaves: the MIT school believes they simply crawled along. The UofC school, on the other hand, believes that they wore in-line skates on their hands and feet. And where do *you* go to school? (Please use appropriate protective gear) [73 points for first place, 61 for second, 50 for third]
16. \_\_\_\_\_ One teammate to drink eight cups of coffee in ten minutes. [25 points for the last contestant to expel urine from his or her body, 15 for the penultimate contestant, 11 for the antepenultimate. The urine should not, then, be used for ScavOlympic Item 13]
17. \_\_\_\_\_ Race your Cincinnati Fire Kites. [42 points for first place, 35 for second, 29 for third]
18. \_\_\_\_\_ The Giant Nit Pick. Present a male teammember to have his hair shorn completely. [62 points for longest original hair multiplied by the mass of the shorn hair, 55 points for second, 47 points for third]
19. \_\_\_\_\_ Le cinquième fumerama, en trois parties.
- (a) The Vaporiser, this year's implement, must use electricity to provide heat, and *only* electricity. No fire, no charcoal.
  - (b) Using oral transfer techniques perfected in ScavHunt 2K, the fumes from your "menthol" must travel down a human chain not less than 10 teammembers long. When not orally transferring smoke, the inner-eight members should be engaged in a game of suck-and-blow with a playing card—preferably a hot, young jack.
  - (c) The final link will then exhale the smoke into an inverted standard-sized trash bin (steal one from your dorm room).
- [78 points for first team to displace the air in the bin with smoke, in the Judge's opinion, 61 for second, 48 for third]
20. \_\_\_\_\_ The Moulin Luge. Scientists in the USSR managed to measure the  $\mu_k$  of sequins and feathers on ice. Sadly, the oppressive government froze their data along with the scientists once the scientists began chasing the feathers of the high-class-yet-slippery prostitutes who were helping provide data. Let's recreate the experiment here, but we're banking on some differentiation. In fact, so much differentiation that we're willing to point it based on differentiation. (This is an EPYX Winter Sports item.) [85 points for farthest slid using only pure inertia, 70 points for second-farthest, 50 points for third-farthest]

## Items

1. \_\_\_\_\_ The original Tare Panda. Full points only awarded if he likes us and shows it in the only way he knows how. [71 points. 0 points if he shows us his “hunchback.” 15 bonus points if, just by looking at the lazy boneless thing, a judge’s personal happiness is significantly increased]

Of course, the king must be played by Sir Arnold Schwarzenegger, and, in fact, Arnold should also play “I.” Come to think of it, Arnold should play *all* characters. Be sure to include the following lines somewhere in the production: “Give these people air!” “I eat Green Berets for breakfast, and right now I’m very hungry,” “Is it a water-heater?” “Hey, I’m a police officer,” and “These people, they tried to kill me, but I killed them.” [218 points]

10. \_\_\_\_\_ The destructive power of rock: have a guitar ensemble play any of Slash’s 3 solos from “November Rain” in *perfect* unison (personally, we prefer the third solo on the album, but we’ll settle for the first). This item can be performed at any time between Item 259 and Item 156, as long as the Head Judge is present. [60 points per guitarist; 5 guitarists maximum. 10 bonus points will also be awarded on the basis of your destruction: in other words, your ensemble must rock so hard that they break open some sort of glass container with their sound waves. It will not count against you if your guitarists are dressed as ninjas, which are cool. And by cool, we mean totally sweet]
11. \_\_\_\_\_ How many feathers on a Purdue chicken? How many fibers in a shredded-wheat biscuit? What does “touchez le lapin mean”? How many times did the Batmobile catch a flat? Answers must be true. [25 for all correct]
12. \_\_\_\_\_ What’s Andy’s Penis decorated with? [36 points]
13. \_\_\_\_\_ “Who’s this on the birthday line?” “It’s Scav Hunt! It’s Scav Hunt!” [107.5 points]

15. \_\_\_\_\_ Fish bowl or coke bottle glasses—real ones—with the following prescription: Left: BC: 8.5 SPH: -4.25, CYL: -1.25, AX 170; Right: BC: 8.5, SPH: -4.50, CYL: -0.75, AX: 10. [161 points]
16. \_\_\_\_\_ Design a new kind of pizza, call it “ScavHunt Item 16,” and have it added to the Medici’s menu. [68 points]

21. \_\_\_\_\_ Britney Spearmint. [12 points]
22. \_\_\_\_\_ A beautifully bound collection of all past ScavHunt lists officially added to the stacks at the Reg. Must have bar code and receipt of check-out. [183 points]
23. \_\_\_\_\_ Relite Niteline. Each team must provide us with a phone number by the Captains’ Summit. Judges must be able to call this phone number at any time between 17h00 and 06h00 throughout the Hunt. Phone must be answered in a minimum 2 rings with “Hello, Niteline!” Answerer must be prepared to resolve absolutely any problem the caller might have, and boy do we have problems. Remember to advertise your service to the public. [170 points]

24. \_\_\_\_\_ Pray on the steps of the most blasphemous Sanctuary in town. [20 points]
25. \_\_\_\_\_ Have Emeril kick a dish of kabzi chalaw up a notch. Tali-BAM! [179 points]
26. \_\_\_\_\_ He's our figurehead, but do you really know Mr. University? Write his brief but thorough biography and be sure to include quotes from friends and family. [80 points]
27. \_\_\_\_\_ Get one of the major dictionaries (i.e. *Oxford English*, *Webster's*, *American Heritage*) to include the word "Swang" (n; good, solid power applied to a batted ball toward a line-drive base-hit. 31. \_\_\_\_\_ Passport stamped by all three axes of evil. [333 points. 33 bonus points if it also contains a stamp from "occupied territory"]
32. \_\_\_\_\_ Get Jack in the Box™ to open a location in Chicago, preferably in Hyde Park, preferably to replace the Taco Bell™ position in Hutch, seeing as JitB™ uses tomatoes picked by union employees making \$25 an hour. Free tacos for a week to the team/s that succeed. Letter writing campaigns work well, but only if you send like 300 letters. Petitions work too, but only if you have like at least 10,000 signatures with valid addresses. Better do both, while remembering that while collecting signatures in HP is all right, but collecting them downtown is better. And, well, if that's good, then collecting them at crowded public (sporting) events (especially with photographic documentation) is hyperfantastique. [326 points; 327 with large soda]
33. \_\_\_\_\_ Chunk has never had a sandwich this strange, but he kinda likes it. Take a picture of Chunk eating the strangest sandwich available in where we go when we die, according to Hobbes. [77 points]
34. \_\_\_\_\_ Street Festival! Gather all those who have honorary streets in Chicago. MC Herb Kent "The Kool Gent" presides. [44 points per person; 8 people maximum. 200 honorary points if, by now, your team has its own honorary street.]
35. \_\_\_\_\_ Glow in the dark ice cream, eaten by the Judge and its maker. [110 points]
36. \_\_\_\_\_ Fuck this "liberal arts" hippie shit, I want practicality. Bring us diplomas from Comiskey College, Hamburger University (bonus for a major in hamburgerology), Clown College, Digipen, Hard Beat University (bonus for specialty in bass), and of course, the School of the Americas. [50 points per school]
37. \_\_\_\_\_ Flashumentary that includes scores and highlights from all Bud Bowls past (including "Bud Dry: Where is He Now?") [87ish points]
38. \_\_\_\_\_ Usama Bin Ladin Celebriduck. [85 points. 85 bonus points if you can bring us one of those cancelled Ossamah Bobble Heads™. 15 bonus points for an Isaac Babel Head]

The driver must be Chunk, and the shotgun driver must be Chengwin. If you have a third Warrior, he or she must be dressed as Chove. Since this is officially a Rock Road Warrior Photo, then you must also have your fourth suit, that of Chixon. As with all Rock Road Warrior Photos, someone in the photo who is not an original member of your Rock Road Warrior Team must be dressed as Chixon. For this photo, a Judge will do. And, as with all Rock Road Warrior Photos, Chunk and Chengwin must be at each other's throats, while Chove lustily interacts with Chunk. Chixon can just be drunk and muttering in the background. [0 points will be awarded to all road trip items if this item is not fulfilled]

63. \_\_\_\_\_ Make an ice luge with tunnels that spell your team's name. (This is not an EPYX Winter Sports item.) [100 points]
64. \_\_\_\_\_ As the year we make contact approaches, make sure that the aliens are ready to party 'til they puke (even if they're ready to die). Build a rail gun and launch a guitar into outer space, making it like the guitar spaceship in the video for "Digital Love." [230 points. 90 bonus points if it docks with the international space station]
65. \_\_\_\_\_ Document Chunk's scaring the "living shit" out of someone inside the *Pleiades* exhibit by James Turrell. [45 points]

Construct for us, please, a molen of extraordinary magnitude. We would love a standaardmolen, a wipmolen or even a kloeke poldermolen, but we'd also be plenty happy with a stellingmolen or even a paltrok. Your molen should resemble that in which Ash took his ill-fated refuge, or perhaps even the (far less cool) molen from *Chitty Chitty Bang Bang*. This molen should be approximately 2:1 in scale, and can also be used as an obstacle for Item 98. Since the Midway has already been quite thoroughly drained, and we get our 'lectricity from them outlets, your molen should function such that, when rotating, 1 cup of dried corn can be ground into a fine meal. [425 points. 25 bonus points if, with its thin wasp-waist, your molen looks like a dainty, gay damsel which, brightening up the whole landscape, is a pleasure to behold. And we changed our minds: 100 bonus points if it can actually drain the Midway and reclaim some land for dear old UofC, considering the space crunch and wet weather we've been having lately†]

91. \_\_\_\_\_ A menorah gun. [8 + 1 points]
92. \_\_\_\_\_ Get the *Bulletin of Atomic Scientists* to move the Doomsday Clock ahead one minute, citing "the release of Andrew W.K.'s *I Get Wet*." [300 points]
93. \_\_\_\_\_ Whatever happened to Gallagher? Looks like he got himself a job in the Capitol! Bring us an ad for it. [72 points]
94. \_\_\_\_\_ A tiny truck that amplifies the record it's driving around. [78 points]
95. \_\_\_\_\_ Judging by the size of Columbus's hands and feet he must have a large you know what—show us! [74 points]

113. \_\_\_\_\_ We knew Chunk and Chengwin had issues... but the time has come to join forces and defeat... Chickey. [39 points]
114. \_\_\_\_\_ Something brown and sticky that approximates Salyndria's wand. [10 points]
115. \_\_\_\_\_ Clifford : Dog :: Olivia : ? [3 points]
116. \_\_\_\_\_ Miss Merry Mack. [15 points]
117. \_\_\_\_\_ Chill out, Mac! Between 20h00 and 21h00 on Saturday night, Mick and Lindsay are nowhere to be seen, but Chunk and Chengwin take a break at the Fleetwood Diner in the hometown of the Wolverines to receive the next step nonetheless. And it's a doozy. **[-1500 points if Chunk and Chengwin do not complete this item]**
118. \_\_\_\_\_ A full-sized confessional. If it can handle two penitents at once, like the confessional in *Cinema Paradiso*, well, that's ok. We're not, like, *demanding* that. (We had a second part of the item about pedophiles that we had to cut out—but only since if we had kept it in, it would have looked like the terrorists haven't already won.) [222 points†]

125. \_\_\_\_\_ Think of the pedestrians. Put buckets of orange flags at all eight corners of the closest major intersection. You must use standard issue bright orange KwikTech water-skiing flags. Four per bucket. Be sure to provide some sort of illustrated (or semaphore) directions indicating to pedestrians that their crossing experience will be greatly ensafened by the waving of the flags. Flags should be installed by Saturday at 15h00. [89 points]

130. \_\_\_\_\_ Friday, May 10. It's the last day of summer camp, so we should have a Lord of the Flings party on the Quads, starting at 20h00. After all, it's time to party. Don't let the counselors catch you breaking any rules regarding what you're allowed to bring to camp or what you're allowed to do with/to the other campers while you are breaking the rules in either your tents or cabins (remember that girls own love, too, even if she is beautiful)—just party hard. Judges are not counselors, and should not encourage you to party 'til you puke—you should need no such encouragement. Additionally, no Judge should have to say at any point “I get wet,” but that only holds for Judges—for this fun night, sometimes you've just got to do it, especially if you're ready to die. Things we don't want to hear: “Take it off!” (unless someone is watching the scene when Missy first tries on her RCH uniform in *Bring It On* and it's Torrance who's shouting) and “I Love NYC” (unless NYC just voted not to allow Roger Clemens within city limits). Other things that might be nice to have happen: fishing, being covered in honey while being chased by a bear, underwear running up the pole. Don't stop living in the red, so please, spend freely. (Note: this was originally going to be a terrorist victory party, but since the terrorists have already won, we aren't allowed to have the terrorist victory party—John Ashcroft wouldn't even give us an alma mater or anti-Federalisation of the military exemption.) <sup>1</sup>This, the bit about the two band-aids and a cork being what, according to Cher, all anyone on MTV wears these days. It seems sad that Cher feels this need to justify her wrapping her fishnetted legs around a giant cannon on a battleship while wearing, essentially, two straps of leather and the heavy covering of screaming squids in the "If I Could Turn Back Time" video, but, well, we don't choose these things. The caves must be above ground level, and impervious to sustained bombing, either from OM–FIGP or Item 178 or Item 78. Note that if the cave sustains bombing from the latter two, you'd best make sure a Judge is there to see it. Well, your team should also set up camp, in the form of those instant tent camp bases we saw on CBS. (Tips for tots: try to use these tents to form some synergy between this item and Item 130.) Inside these tent bases, the Judges should be able to “tune in” to view the troglodytes' most recent manifesto on a television.
