The University of Chicago Scavenger Hunt Organization Committee

10 May 2017

# SCAV TEAMS AND THE RULES OF THE HUNT

1. Acquisition of Items. All Items on the List can be obtained and performed legally. It may involve smooth talking, or it may involve something else, but it is all possible. The Judges take no responsibility for your getting thrown into the clink—be it local clink, state clink, federal clink, or Colonel Klink. If you end up there, it is your fault.
2. Fair Play. Sabotage is bad. We don't like it, and we don't want it in the Hunt. Sabotaging teams or their Items can lead to immediate disqualification, and we may even loose the hounds of the Administration on you.
3. Contact with Judges. While we don't want to complain and say that Judges have it *so* tough, Scav Hunt is always teetering on the edge of sheer chaos, and if we can avoid it, we should. Thus, please only communicate with the Judges if you are going to do it in a professional manner. Generally, just remember that the more people shout, the less will be understood. That seems like it makes sense, no?
4. Props. All props must, always and forever, be mad props.
5. Points. Point totals are final. We ask you to do awesome things and expect awesome things to be done. If you do said awesome things, the Judge will accord to you Full Points, the highest number of points possible for any Item. In rare cases—for example, if we ask for a car and you give us the Batmobile with both George Clooney *and* Adam West inside—we will consider giving you 1 special point. Maybe 2. As far as point values, well, we use a dartboard, numberwang, and Tibetan numerological methods to determine how much Items are worth, so no complaining that “the lazy eye patch was worth more than the moonbounce made of guns!”
6. Items. Be aware that doing Items nude when it's not explicitly asked for will not get you more points. Nor will involving alcohol in Items that don't clearly call for alcohol. The same goes for nudity and alcohol's redheaded, stepchild cousins, sex and drugs. Please note that few Items explicitly call for nudity, alcohol, or either of the aforementioned redheaded variants. Lastly, we don't like to harm large mammals that can make sad eyes at us, so please treat any non-humans involved in your Items with extreme care.
7. A Good Time. For a good time call (202) 762-1401.
8. Preliminary Events. The deadlines for the submission of Items and performances are final as stated on the list or as announced by the Judges at Bwrench, which happens at 9 a.m. on Thursday in Hutch Commons. It is the Captains' responsibility to make sure that they submit these in a timely manner. Items that do not have discrete time/place stated on the list are not preliminary and therefore must occur at Judgment. Upon request, we may, at our discretion, come to see an Item at a time/place other than Judgment. Consider this a privilege, and use your “Come See Our Items” cards sparingly.
9. Road Trip. The Road Trip can be done without getting busted by the cops or breaking any rules. Please get it done that way. The destination point most distant from campus will not exceed 1,000 miles. Use of 15-passenger vans or trucks is prohibited.

## Driver requirements:

- a. Minimum age of 18 (If a rental car is used, the rental car company minimum age requirements apply).
- b. Must have held a valid US driver's license for at least two years, which must be in driver's possession throughout trip.
- c. Must possess valid passports, should the mischiefs of foreign intrigue beckon.
- d. Must have more than 2,000 miles driving experience.
- e. May not have received moving violations or convictions or court-ordered supervision.
- f. Must be alcohol- and drug-free (it's the way to be), including illegal, prescription, and non-prescription drugs that could impair driving function or are used for any reason other than their FDA-approved intent.
- g. Must have valid automobile insurance.

Road Trip Management:

- a. No one may operate a vehicle for more than three consecutive hours or six total hours in one day.
- b. Total driving time may not exceed 16 hours within a 24-hour period.
- c. No driving permitted between midnight and 6 a.m.
- d. Another person must be awake in the seat next to the driver at all times.

Road Trip Rules:

- a. Upon spotting a sign casting opprobrium upon various measures of birth control or the deliberate termination of a pregnancy, one must punch another occupant of the car and proclaim, "Foetus Boetus!"
- b. Upon spotting an adult entertainment venue or advertisement, one must punch another occupant of the car and proclaim, "Moetus Boetus!"
- c. Upon spotting a sign lauding the life and acts of the Lawd Jesus Christ, one must punch another occupant of the car and proclaim, "Jeebus Boetus!"
- d. Upon spotting roadkill, one must punch another occupand of the car and proclaim "Streetus Moetus!"
- e. Punches not in accordance with the above rules may be met with one equal or harder punch in retribution.
- f. When crossing state lines, all non-driving Enthusiasts should hold hands.

A Captain of each team must certify in advance to the Judges that the team understands and agrees to abide by these regulations.

10. Judgment Day. As in the Bible, Judgment Day should take, like, 45 minutes. Prepare all Road Trip Items for judging at 9:00 a.m. on Judgment Day. Regular Items will be judged after the Showcase. The Showcase will be judged at Showcase, which will be at 10:00 a.m.

In addition, please have a highlighted list of the Items you've acquired ready so that when a Judge comes by to judge your page, there won't be any time wasted with "do we have the particle accelerator?" questions. If an Item is followed by †, it must be ready for judging as part of the Showcase, prior to regular page judging. Judges will hold up placards (really just sheets of paper with Sharpie-ed numbers) denoting which pages they are ready to judge. Call over whichever Judge corresponds to the page you are ready to present. Here's a tip: Sort your Items based on which page they are on. In short, BE ORGANIZED.

11. Rules. Ain't no rule says a Roomba can't be dancer (but it sure as hell ain't human).
12. Prizes. The prizes are simple, because *there are no prizes*. Depending on how much of the Scav budget the Judge Cabal hasn't spent on Choles for our holes, you may be eligible for an free-food bacchanal or other in-kind prize. Offer void where prohibited. Check local laws.
13. Decisions. All decisions of the Judges are final. Final.
14. Final. See Decisions.

## Scav Olympics

To be held at 11:00 a.m. on Saturday, 13 May 2017, on or about the Eckhart Quad. For each competition, 30 points will be awarded for 1<sup>st</sup> place; 20 points for 2<sup>nd</sup> place; 10 points for 3<sup>rd</sup> place; 2 points for  $(3 < x \leq 18)$ <sup>th</sup> place.

1. \_\_\_\_\_ THE MOST DELICIOUS GENTLEMAN'S DUEL: CHURRO FENCING. Tips of churro will be dipped in chocolate to mark the points on your special churro fencing outfit. Your special churro fencing outfit is a light-colored pillowcase with arm and head holes upon which you have Sharpied "Churro Fencing Outfit". Winner eats both churros and advances to the next round, competing yet again for glory and the gluttonous satisfaction of having eaten like 6 churros if they win the whole thing.
2. \_\_\_\_\_ Let's show them the power of 2 in this tandem 2048 race. One person will swipe up/down and one swipes left/right. None of that phablet shit.
3. \_\_\_\_\_ We all know the rule about "NO PUPPETS". Ain't no rule about puppet racing! And by puppet racing we mean we're going to tie your elbows to your knees and make you do laps and stuff.
4. \_\_\_\_\_ Everyone knows the average Scavvie isn't quite in tip-top physical condition, so send a Scavvie prepared to engage in a UChicago-specialized SEAL training session.
5. \_\_\_\_\_ Send two of your team's lovers, and make sure they're prepared to use lots of tongue. There will be no actual mouth-to-mouth contact (well, we can't stop you), but we'll be able to see that the love is there as they lick frosting hearts off a sheet of plexiglass inbetween them.
6. \_\_\_\_\_ We want you to make flat bread. We want you to smash that fluffy bread with your face in the most efficient method possible. Cannot lift face up from the bread after first contact.
7. \_\_\_\_\_ Can you GeoGuess with the GeoBest? BYOLaptop to find out.
8. \_\_\_\_\_ Two Scavvies, wearing their team insignia. One quad. Scavar.io.

## Items

1. \_\_\_\_\_ A copy of the 2017 University of Chicago Scavenger Hunt List. [1 point]
2. \_\_\_\_\_ You brought gum before getting a List. [1 point]
3. \_\_\_\_\_ Condor on fleek! Festoon your face with the likeness of a New World vulture using only contouring products, then blend it out to create a Kardashian-worthy Instagram face. [19 points]
4. \_\_\_\_\_ Records indicating that a team member was born during the same week that a person with the same first and last name died. (Immediate family members are DQd—sorry not sorry, Ernesto Sabáto.) [6 feet under points]
5. \_\_\_\_\_ Our OT5 may have scattered to the winds, but my heart’s needle only points in One Direction. Create a compass that plays “Nobody Compares” whenever it’s oriented toward London. [25 points]
6. \_\_\_\_\_ Hey, ding-dongs! At Judgment, play a one- to two-minute medley of three or more Scav theme songs on your Julie Sewell-style bell suit. [28 points]
7. \_\_\_\_\_ In your team’s ahhtsy black-and-white *Untitled Scav Stills* series, Scavvy Sherman transforms into six distinct UChicago archetypes. [3 points per photo, max 18 points]
8. \_\_\_\_\_ I spy: gothic corn, buff Pablo Picasso, fedora aurora, pizza stingray sweet as negroni. Oopsy daisy—can’t you put this shit in order? [6 points]
9. \_\_\_\_\_ What do you get the person who has everything? A tasteful planter that lets them grow charming succulents out of Julia Roberts’ or Willem Dafoe’s gaping maw!! [14 pointz]
10. \_\_\_\_\_ In the same vein as @thetinygallery and @tiny\_cityscapes, give us a glimpse into your team’s pre-Judgment prep with a “tiny HQ” Twitter bot. [5 points]
11. \_\_\_\_\_ *Yoha!* By Botany Pond, your team spies a bevy of treacherous *sneris* (reverse-mermaids) crooning an intoxicatingly languid *gnos* to lure the fish within to their earthly deaths. [11 stniop]
12. \_\_\_\_\_ After David G. Booth gave the largest gift in University history, admin promised they would name every UChicago building in his honor...but after the ongoing confusionpalooza of Eckhart/Eckhardt, they’re looking for an alternative way to leave Booth’s mark on campus. In the hopes of getting in on some of that 300 mil, let’s help them out by building fully automated photoboosths (get it?!?!?) themed around iconic UChicago buildings, which should be active on the Main Quad at 10 a.m. on Saturday. The exterior of your team’s photobooth should resemble a campus building of your choice—this theming should also extend to your photo backdrop options and photostrip layout design. [60 points]
13. \_\_\_\_\_ A party should really have more than one participant. So the Boston Tea Party should have more than just Boston! Choose a party theme, then make this party revolutionary and dump tea in as many harbors as you can. For each one, make sure to show something which identifies the harbor (may only use one harbor per city). [1 point per domestic city, 2 points per international city, maximum 20 cities]
14. \_\_\_\_\_ Human curling! On a Slip ‘N Slide®! With inner-tubes! At the Eckhart Quad at 12 p.m. on Thursday! Bring three people! [13 points for first place, 10 points per second place, 8 points for third place, and 5 points for otherwise participating]
15. \_\_\_\_\_ Scav turns 30 (flirty and thriving) this year—let’s celebrate on Friday at 6:30 p.m. in Ida Noyes! The Judges will provide conical hats, pizza, and a bouncy house; your team should bring cake, amateur entertainment, and a crown-clad Birthday Person who was born on or near one of the Four Days. Finally, please note that ain’t no party like a childishy themed party, so pick a theme suitable for the under-10 set and make sure it’s reflected throughout your team’s party paraphernalia. [ $\omega$  points]
16. \_\_\_\_\_ It’s kind of weird that the IOC made tweeting GIFs of the Olympics punishable by exile to the sea. Here at the SHOC, we’re flipping the script! Your team should be giffing all the action at Scav Olympics as it happens; make sure to share on Twitter using the hashtag #Scuntlympics17 and mentioning @Olympics for good measure. [up to 2 points per GIF based on speed of posting and quality, max 8 points. The internet is a ruthless speed demon, so no points for GIFs shared after 3 p.m. Saturday]

17. \_\_\_\_\_ I want pictures of Spider-Man! Sometime during Scav Olympics, a Spider-Man clad Judge will make an appearance. Bring photographic evidence of this to Judgment. Remember, OlymPICS or it didn't happen! [3 points]
18. \_\_\_\_\_ We have a lot of professors here who have worked on the CMB. Now it's time for them to work the CMB. Use your face painting skills to transform your instructor's face into the Cosmetic Microwave Background. Work it! [10 points, 6 points if they did not work on the CMB]
19. \_\_\_\_\_ It's Vincent Van Gogh meets Brie de Meaux. If the moon is made of cheese, then so should the moon in *Starry Night*. But why stop there? Recreate the entire art piece out of shredded cheeses. [12 points]
20. \_\_\_\_\_ (1999), *Melee* (2001), *Brawl* (2008), for *Nintendo 3DS* and *Wii U* (2014). Design promo art for Nintendo's next game in the legendary lineup: *Super Smash Bros. M. C. Escher* (2017). [17 points]
21. \_\_\_\_\_ It looks like you've gift-wrapped a Scavvie and the Item they're working on. But ala *The Office*, we only discover upon throwing a briefcase at them that there is not, in fact, a Scavvie nor their Item inside. [14 points]
22. \_\_\_\_\_ I never want Scav to end, but I also want time to keep moving. Seems the solution is asymptotic time. Since it's perhaps slightly unreasonable to ask that you manipulate time to that degree, I'll be satisfied with an analogue clock that asymptotically approaches midnight from 23:59:00. [18 points]

23. \_\_\_\_\_ [4 points]
24. \_\_\_\_\_ 41.794296, -87.605161; 41.819972, -87.595045; 41.865995, -87.607168; 41.989954, -87.707979. Draw the other 11 on your skin and take a picture at mag = 2. [12 points]
25. \_\_\_\_\_ Rig your classic flour baby to pee whisked eggs, cry milk, and poop dough. [19 points]
26. \_\_\_\_\_ We had feathers. We had crazy colors. The next crazy hair trend is from the Land of the Fey. To be up to stuff with this fashion movement you must construct and wear a wig made from grass, flowers, leaves, and other all natural hair products. [27 points]
27. \_\_\_\_\_ A Lu-Ouija Board or a Walu-Ouija Board you can use to communicate with those who have fallen off Rainbow Road. [5 WAAAH points]
28. \_\_\_\_\_ 3. 2. 1. 0...Liftoff! We have liftoff...liftoff on Rocketfeller Chapel, your realistic mini model of Rockefeller Chapel only the tower is a rocket. [Houston, we've had 22 points here. 0 points for combustible propellant]
29. \_\_\_\_\_ Wait, I don't understand why Big Data is useful to people. But I guess it's kinda cool that when you plot all this info from the movie *Big* it looks like Lieutenant Commander Data. [11 Data points]
30. \_\_\_\_\_ Some parents might be proud of their kids, but ours are probably ashamed. Create an "Ashamed UChicago Parent" mug and document a parental unit drinking from it. [9 points]
31. \_\_\_\_\_ TBA. [2 points]
32. \_\_\_\_\_ The time is set. The magics in the air hum as you approach the place of power. The ritual circle has been drawn, the seat prepared, the needle ready; all that it needs to complete the arcane arts are volunteers willing to part with just a pint of that precious fluid which we have named Blood. You have imbibed that sacred Food which is needed to prepare yourself for the task, of course, so travel to the Circle and put down your name as one who has helped Conquer the Blood Drive. [∞ points]
33. \_\_\_\_\_ Aramark™ is history! As such, its proper place is no longer in our dining halls, but on the History Channel, in the form of a special. *Ancient Aliens: Unlocking the Secret History of Aramark*. [2\*Area 5.1 points]

34. \_\_\_\_\_ Pay tribute to the campus cafés lost under Bon Appétit's reign with your team's memorial shrine outside one of their former locations, featuring memories, artwork, and decorations befitting of the café's legacy. [10 titillating points]
35. \_\_\_\_\_ Sufjan Stevens's unreleased *Florida* album with track list, cover art, and one song sample. [9 points]
36. \_\_\_\_\_ *At1 gooseberry patch did tiggy-winkle hedgehog go/Ate faint sausage crinkled, when bride of sevenless/Engrailed the glass-bottom boat in myoblast city/Mothers against decapentaplegic painted turtles, frayed.* Compose a "Jabberwocky"-esque poem of ten or more lines using primarily the names assigned to genes, with a maximum of one non-gene word used per line. Must have an NCBI Gene ID ready for each word used. [0.1 points for each gene name, max 5 points]
37. \_\_\_\_\_ Gerrymandering would be a whole lot more fun if instead of having disproportionate effects on political representation, the district lines instead formed an artisanal woodcut jigsaw puzzle that fit together perfectly. Pick a state with at least 15 electoral votes and make its districts into a detailed and accurate gerrymandering jigsaw puzzle. Puzzle should be of district lines in effect as of Judgment. [15.268437 gerrymandered points]
38. \_\_\_\_\_ We may use submarines to explore the ocean's depths, but what about the mysterious depths of the colon? Create an endoscope with a tiny submarine at the end that can illuminate the unplumbed depths of the large intestine of a dogfish. Meet at 3:30 p.m. on Friday in BSLC 438. [10 boring nonintestinal points]
39. \_\_\_\_\_ A snugly and completely edible balaclava made out of baklava, worn by one of your team members at Judgment. [8 points]
40. \_\_\_\_\_ Madonna shouldn't have all the fun when it comes to cone bras! Honor Ben Wyatt's board game magnum opus by creating a Cones of Dunshire bra made up of the four cones you collect as you build your civilizations. For maximum convenience and portability, you should be able to store all components needed for the game within the cones of the bra. [18 challenge play points]
41. \_\_\_\_\_ Sleeper bag agent activation starts now. Report to the Bartlett Trophy Lounge at 10 a.m. on Thursday for your first assignment, in the proper sleeping bag attire. [ $\delta$  points]
42. \_\_\_\_\_ Gosh, I'm just terrible at bowling. Why don't we reverse the rules of the game? We'll duke it out at Seven Ten Lanes on Thursday at 5 p.m. [16 points for first place, 12 points per second place, 8 points for otherwise participating]
43. \_\_\_\_\_ A meringue-utan. [6 points]
44. \_\_\_\_\_ Rotate, turn, circle, spin, twirl, whirl, pirouette, and twist. That's what your small carousel, capable of riding two Judges and fitting within a square fathom, will do. And it will be themed on something else that rotates, turns, circles, spins, twirls, whirls, pirouettes, or twists. [200 points] †
45. \_\_\_\_\_ Get ready to Netflix and purl, because Thursday evening is Scavtional Knitting Evening. At 10 p.m. sharp, fire up Slow TV: National Knitting Evening in your HQ, start working on Item 143, and get those hashtags (re)trending. We'll expect to see persistent social media engagement from your team until our bedtime at 11 p.m., but somehow we know you'll watch the whole thing. [7 points]
46. \_\_\_\_\_ At Scavenfeast this year, we're giving you three courses to serve us the finest in fusion cuisine. First, we want you to in-fuse: prepare a non-liquid appetizer that highlights your special ingredient, *Camellia sinensis* ("tea")! For our entree, we just want you to fuse. Using the transglutaminase ("meat glue") supplied at Bwrench, fuse two proteins to produce both a new flavor and form. Finally, draw inspiration from the ways that gasses dif-fuse, utilizing aeration and/or carbonation techniques to create a spectacular dessert. Be ready with a feast we can't re-fuse at 6:30 p.m. on Saturday in the McCormick Lounge. [ $\epsilon$  points]
47. \_\_\_\_\_ Sinterest™ is all well and good, but I totally need a digital detox. Make a physical sinspiration board with a carefully curated aesthetic where your team plans its satanic rituals with pentagrams aplenty, some artisan voodoo dolls of your captains, and a hint of blood magic. [13 spooky points]

- 48.\_\_\_\_\_ We can't wait to see your team's end-time pinkickball machine on Sunday, but Judgment never quite seems to get here quickly enough. Perhaps you could help hurry things along? Gather as many harbingers of the apocalypse in one room of your HQ as possible. Teams may choose from any tradition they would like, but all harbingers must be from the same faith. [20.12 points]
- 49.\_\_\_\_\_ We all know what the holidays are really about, and that's full-blown warfare. This year, bring your closest homies for a feast of destruction that all will remember – Tanksgiving. On Friday at 1 p.m. in Hutchinson Courtyard, bring at least three Warrior Grubs that will cut down (or up) all that fall into their path. Teams should also bring at least three “fallen soldiers” that will be the targets of the armed provisions. The Tanksgiving fighters should all be made almost entirely out of food (no packaging, please), and minor human intervention is allowed for their full operation. [12 points per vehicle, with 9 bonus points for performance]
- 50.\_\_\_\_\_ TBD. [12.86 points]
- 51.\_\_\_\_\_ Dickle chimes. Should ding-a-dong in the wind. Luckily for these little fellas, they still have their sleeves attached, so one can muffle these chimes to protect their delicate tips from bashing together in more vigorous environments. [14 points, plus a pair of bonus points for balls]
- 52.\_\_\_\_\_ Very sad to hear about John Berger. He gave me my start in Show Business. My first gig: opening for him. A two-minute video analyzing the effects of reproducible media on Scav Hunt, in the style of *Ways of Seeing*. [12 points]
- 53.\_\_\_\_\_ A lateral ejector seat installed in any classroom, so you can bail out as soon as That Kid starts talking about how neo-liberalism hasn't gone far enough. [15 points]
- 54.\_\_\_\_\_ What if *Cosmo* was actually, you know, cosmo? Show us the out-of-this-world fully illustrated center-fold full of bad alien sex tips and extraterrestrial beauty hacks that totally work. [8 points]
- 55.\_\_\_\_\_ The *Great British Drink-Off*: It turns out renting a bunch of ovens and a tent is prohibitively expensive, but there's no reason why we can't all meet in to determine the best cocktail crafter of UChicago. First, the Signature Challenge will have your team's mixologist demonstrate the creation of a tried-and-tested mixture that they feel is most demonstrative of their team's, as they say "spirit". Then, the Technical Challenge will have them concoct a traditional-yet-challenging mystery cocktail to please the palates of Judge Berry and Judge Hollywood. Finally, the Show-Stopper Challenge will require them to pull out coconut shells, little paper umbrellas, tiny swords, and sparklers aplenty, to make a frou-frou drink as tasty as it is visually stunning. Be warned though, only one will leave with the Star Bartender Badge! Meet in the McCormick Lounge at 3 p.m. on Saturday. [10 points for participation, 5 points for winning a challenge, 5 points for being star bartender]
- 56.\_\_\_\_\_ You are just a machine; an imitation of life. Can a robot write a symphony? Can a robot turn a canvas into a beautiful masterpiece? Can a robot... flip a waterbottle? – Actually, Detective Spooner, that last one is eminently doable. [25 points, 10 bonus points if it can flip bottles of various weights]
- 57.\_\_\_\_\_ We all know the truly entertaining aspect of the water bottle flip is the over-enthusiastic crowd reaction. As such, it's only natural that you have a lil' mini robot that loses its shit upon the previous robot's attempt. [10 points, 5 bonus points if it only freaks out after a successful flip]
- 58.\_\_\_\_\_ Four-person push-ups are for squares. Go bigger. [3 points per person up to 8 people, 5 bonus points for doing a tiered 3D shape]
- 59.\_\_\_\_\_ It's not bro time, it's show time! Send your Channing Tatums and audience to Hutch Commons at 8:30 p.m. on Thursday for Inverse Magic Mike. Naturally, their routine should be the opposite of *Magic Mike* in any/all respects. With that in mind, don't forget to reverse your background music, and be sure to have your performers start normally clothed, but continue to pile on the layers! Performers of all sexual and gender identities are welcome, as always. [ $\mu$  points for quality choreo, theme, and showmanship. Joe Manganiello-esque abs not required]
- 60.\_\_\_\_\_ Recreate the iconic scene of the juvenile marine iguana escaping Galapagos racers from *Planet Earth II*, except you are the iguana, the snakes are team members inside of sleeping bags with their arms tied behind their backs, and instead of the Galapagos Islands, you are in the stacks. [sssssseven points]

- 61.\_\_\_\_\_ This is the ultimate in Scav mobility. Attach wheels to a teammate so their body can roll across the floor on any side of their body. [They h18g points]
- 62.\_\_\_\_\_ Kawaii 5-0. [1 point]
- 63.\_\_\_\_\_ Slocum Joe's Buzzbites! [7 hot points]
- 64.\_\_\_\_\_ Send a message by impaling a relevant book on a stick outside the faculty department of your choice. [3 points]
- 65.\_\_\_\_\_ If it fits, it sits. Ensnore unrelated objects within one another neatly and snugly. Start somewhere at the size of a breadbox and work your way down to a nickel. Irregular, but complementary, shapes encouraged! [(5+(4+(3+(2+(1)))) points]
- 66.\_\_\_\_\_ Crack an undamaged egg at Judgment to reveal a double-yolked monstrosity. [2 trying times 2 points]
- 67.\_\_\_\_\_ Blackfish Scavolympic: It's unethical! Send one athletic person to the main track level of Crown at 2:00 p.m. on Thursday ready to become the orca by trying to crush trainers against the side of the tank. [2 points per crushing. BYO Helmet & Mammalian Rage.]
- 68.\_\_\_\_\_ You have a little dreidel/you made it out of clay/and when it's dry and ready/with dreidel you shall LET IT RIP IN HUTCHINSON COURTYARD AT 3 P.M. ON FRIDAY!! Dreidels must be homemade and 1 lb. max, not counting spinning mechanism. Four faces must be clearly marked  $\uparrow \downarrow \leftarrow \rightarrow$  inside a stabilizing metal weight disk. For all other matters, this BO3 elimination tournament follows the rules of the World Beyblade Organization and Rabbinical Law. [gelta points]
- 69.\_\_\_\_\_ Screw Santa and his Bourgeoisie elitism. If we have to go through the TSA to fly, then so does he! Send your jolly Santa armed with eggnog (non-alcoholic. come on, there are children), a red Solo™ cup, hat, coat, boots, belt, pants, shirt, and beard (fake or otherwise) to the Main Quad at 1:30 p.m. on Thursday. Your Santa should come prepared for the obstacle course that is the TSA security check and all that it entails (including a very light pat down). Remember though, little children everywhere have been waiting all year for St. Nick to bring their toys, so you better get through security fast with as few toys confiscated as possible. [30 points]
- 70.\_\_\_\_\_ At exactly noon on Friday, silently approach the center of the Quad with your team's flag and any interested parties. The Judge will note which teams are represented. An air horn will sound. For the next 30 seconds, everyone will simultaneously scream detailed opinions about the direction the country is headed in as loudly as they can. An air horn will sound. All parties will immediately depart in silence. [1 point]
- 71.\_\_\_\_\_ Mimic the saxophone solo from Katy Perry's "Last Friday Night (TGIF)" with just your squealing mouth. Points for accuracy and timbre. [10 points]
- 72.\_\_\_\_\_ Build a handheld water game. Like with the rings and pegs and buttons. [29 points]
- 73.\_\_\_\_\_ The original sin of pinball was policing tilts with plumb bobs instead of just making the machine too big to move. Bring us a scaled-up pinkickball "cabinet" themed after your team's end-times prophecy and crammed with bumpers, lights, and at least one dynamic hazard. Replace those flippers with flipper-themed shinguards though, because we'll be playing with our feet. [125 points] †
- 74.\_\_\_\_\_ Passion. Desire. Beauty. Mana pool. Fireball, by Chanel. Your pretentious and opaque scented magazine sample advertisement that portrays *Magic: The Gathering* as the hottest new perfume. Not just a scent— it's a lifestyle choice. [14 points; -5 points if you include a "tap that" pun]
- 75.\_\_\_\_\_ Body art that becomes 3D when wearing those chic red/blue glasses. [11 points]
- 76.\_\_\_\_\_ The Golden Idol of Scavri-La. To claim it, take a cue from UfCs own Dr. Henry Jones, at 11 a.m. on Thursday on the Main Quad. [12 points for first place, 10 points for second place, 8 points for otherwise participating]
- 77.\_\_\_\_\_ Kitty keeps napping on my keyboard. I think he wants attention, so let's show kits on stream! GIVE  your own ResidentSleeper a Twitch channel and allow it to make meaningful contributions to gameplay via feline input devices. [18 points, with c4t bonus points if it can flame chat! As always, rule 6's "no harming animals" clause applies.]

- 78.\_\_\_\_\_ I've heard one too many jokes about my slow-ass computer. This time when they tell me to stop "playing on a toaster," I'll be ready! Show up those n00bs by using toasters to input your commands to a classic racing game. [18 points]
- 79.\_\_\_\_\_ Can't wait for Snapchat™ to get back and accept your Scav team's Geofilter? Make a life-sized one instead, including a frame and a couple of text options, and be sure to document your Scav Hunt experience through it. [5 points]
- 80.\_\_\_\_\_ A graph of your computer's RAM usage over time, resembling a healthy human heartbeat. [17 points]

## Road Trip

1. \_\_\_\_\_ All aboard! The HMS *Ark* is about to leave port! Voyaging are the Pet Enthusiasts Traveling to Atlanta; this being a group trip, each of the Enthusiasts is wearing a matching, bright T-shirt bearing the group's full name. At the helm are Charlie Darwin and Doomsday Noah, the feuding navigators with astonishingly similar white beards. Charlie asserts his hipness with an unbuttoned aloha shirt and a notebook in which he sketches his observations of the natural world. Noah wears his doomsday preparation outfit and is ready to rescue as many creatures as possible before the prophetic Judgment Day flood. Joining them is the Unlucky Cat, who brings with her an eerie perpetual smile, mechanical moving arm, and nine precious lives. The final member aboard the vessel is Linda, a lovable being who can best be described as two-thirds goat, one-third bear, and one-third other. At 8:00 a.m. on Thursday, we gather at the Reynolds Club to watch PETA cross the custom fold-out gangway into their vessel, and wish them a hearty "Bon voyage!" as they set sail for the South. [ $\beta$  points]
2. \_\_\_\_\_ PETA begins their journey at the Albanese Candy Factory, where the undulating waves of the chocolate fountain give Doomsday Noah premonitions of his watery future. Linda comforts him.
